ENVIRONMENTAL ADVISORY COUNCIL
MEETING: September 2, 2010
MINUTES

In Attendance:

- Chris Roe, EAC
- Ginger Pohlman, EAC
- Alice Presley, EAC
- John Presley, EAC
- Brough Richey, EAC
- Jon Buzan, EAC

Commence Time: 7:00 pm

I. Website

- Brough will contact Terry tomorrow to discuss access and what we can change

II. Foote Mineral Update

- Discussed discharge next to bike trail – sent a request to Jim Feeney (USEPA) Asking:
  - Source of water
  - Design information
- Solar panels are still planned
- First Phase of construction to begin soon

III. Bishop Tube Update

- Dustin (DEP) may come to October EAC Meeting
- Review of preliminary results of wells from DEP – split samples
- Low flow from wells and results don't show a consistent pattern of groundwater flow
- No data from Roux
- Report possible later in September
- DEP taking over treatment system per agreement with O'Neill – PRP has been asked if they want to take over operation from DEP
- Discussed security concerns at site – public access is not restricted. Children/teens apparently use the site
- We will make a request to the EW Supervisors to request that the property owner (O'Neill) secure the site for the safety of residents.
- Chris will talk to DEP further about site security

IV. Energy Symposium

- Discussed how to advertise to residents
- Discussed bringing in vendors – John Buzan
- Discussed involving GV school/students - Brough
- Will have a brainstorming session in November – invite vendors and interested residents and discuss having an event in spring

V. Backyard Ecology Project

- Will ask Veronica to provide us with an email update

Meeting ended at 9 pm
