Chief of Police

In order to provide more efficient service, East Whiteland Township is initiating an Emergency Contact Program. The service is designed to give East Whiteland residents an opportunity to have contact made with a person or persons of your choice in case of a fire or other emergency at your residence.

Participation in the program is completely voluntary and you do not have to participate. There is no fee for the service. If you do wish to participate, please list the names, addresses and telephone/cell phone number/s of those to be called in the sequence requested. We recommend that you list those individuals living in the vicinity or closest to you residence, first. Also, please advise if the person possesses a key to your residence. Complete the list even if you have an alarm or security company responding. Please update this list as changes occur. You may cancel and have these records purged at any time.

Thank you.
