FAX: 610.648.0388

Dear Tenant/Building owner –

The East Whiteland Township Fire and Emergency Services is tasked with inspecting new and existing buildings with the limits of East Whiteland Township. **Our main focus while performing these inspections is Life Safety.** The goal of the inspections are to have safe businesses and to provide risk reduction to building owners, employees, customers, tenants, visitors and firefighters in the case of a fire or emergency in the building. These goals are achieved by seeking code compliance of the applicable adopted fire codes.

The checklist provided below is an overview of items that should be addressed prior to your scheduled inspection. This will give you an opportunity to correct any deficiencies that may exist prior to the inspection being conducted. In addition, this will also assist you in the future to maintain a safe and code compliant business.

The township has adopted a fee schedule that will be assessed at the conclusion of the inspection and an invoice will be sent to the address on record by the Finance Department.

If you have any additional questions concerning an existing inspection, please feel free to contact the Fire and Emergency Services Department at 610-648-0600. Thank you for your help and cooperation in making your building a safer place for all.

Sincerely,

A handwritten signature in blue ink, appearing to be "G. Lewis".

Greg Lewis

Chief Fire Official
